

Environmental Expert Shares Solutions for Creating a Sustainable World

Ellen Moyer, PhD, PE, LEED

Ellen Moyer, PhD, PE, LEED believes we can repair our environmental crisis and create a sustainable way of life — *in an enjoyable way*. She is an environmental consultant, author, speaker, and artist with a BA in anthropology, an MS in environmental engineering, and PhD in civil engineering.

Dr. Moyer is a **registered professional engineer** as well as a U.S. Green Building Council Leadership in Energy and Environmental Design Accredited Professional. Her work focuses on sustainability, natural resource protection, economics, pollution prevention, and environmental cleanup.

Readers are loving Dr. Moyer's third book, ***Our Earth, Our Species, Our Selves: How to Thrive While Creating a Sustainable World***. She is also a regular contributor to ***The Huffington Post***.

Dr. Moyer is available to speak for:

Colleges and Universities
Environmental Organizations, Associations, and Companies
Corporations
Sustainability and Green Design Conferences
Government Agencies

Topics include:

- **Cost-Effective Solutions to the Climate Crisis - 5** significant and simple solutions that do not require citizen sacrifice.
- **Shatter the Doom and Gloom, 9 Reasons to Hope** - Ellen shares why we should be optimistic and excited about the future.
- **Burning Trees to Create Electricity - What Are They Thinking?** Truthful revelations about this *anything-but-clean-and-green technology*.
- **Lessons for Environmental Leadership - How One Person Transformed an Open Sewer into a Swimmable River**

"Dr. Moyer brings a rare combination of evolutionary perspective, knowledge, experience, insights, and ability to effectively articulate the interdependent challenges we face. She has inspired us with an empowering and practical approach for how individuals, organizations, and societies can thrive while helping to create a more sustainable world. I highly recommend her!" — *Ajay Kathuria, PE, Manager, Louis Berger (a \$1 billion professional services corporation)*

"Amazing. Your talk was the best talk I have heard on climate change because it offered so much hope. You got past the doom and gloom and gave real guidance on simple things we can do right now - as individuals and as a society. Ellen, we CAN do it. We just HAVE to do it!" — *William Young, Adjunct Professor, Temple U. and U. of Penn.*
